

Resolution for the **EQUAL RIGHTS AMENDMENT (ERA)**. Your Leader invited to Sign in.

The **EQUAL RIGHTS AMENDMENT** reflects the fundamental moral American value of equal treatment for all. It benefits Society, the Economy & both Men and Women---who take the brunt.

Whereas, the ERA guarantees equal treatment for ALL, does not regulate reproduction or same-sex anything, and provides unparalleled benefits to all. Its GOAL is to make Sex Discrimination a Violation of U.S. Constitution and ;

Whereas, the ERA has never been terminated officially or unofficially, the ERA is deemed "still viable and timely" by respected legal scholars, by Congressional Research Service, and is now re-ignited due to passage of a 203-year-old different amendment, plus other substantive legal arguments, and;

Whereas, recently Florida is the only State to have earned a "Dishonorable Mention" in a comparison study of the status of WOMEN nationwide, and;

Whereas, ERA would encourage a realistic view of current issues, such as--

For MEN, child custody awards; the draft; immigration, name changes; courts' reviews of sex discrimination cases just as race, religion and national origin already receive, and;

For WOMEN, equal wages for equal work and for promotion opportunities; courts' reviews of sex discrimination cases; full personhood and self-determination; and sexual violence, and;

For FLORIDA and SOCIETY AT LARGE, lower divorce rates, stable communities, and growing economies with an improved business image (e.g., as in other countries), firm potential for GDP growth of 15%, lowered public assistance disbursements, increased revenues; fewer expensive discrimination lawsuits (appreciated by the courts and taxpayers), PLUS, the ERA REQUIRES NO FUNDING, and;

Whereas, 35 other States have already thoroughly vetted and voted for the ERA, and are still awaiting the US Congressional implementation of their mandates, and;

Whereas, every constitution and charter created since World War II includes an Equal Rights clause, yet the United States Constitution still does not, and;

Whereas, **94%** of citizens in an independent survey recently conducted determined that equal treatment under the law should be codified and that sex discrimination should be thus made a Violation of the U.S. Constitution;

Whereas, the 14th Amendment to the U.S. Constitution, and Laws, and Florida's constitution have all proven unreliable before the courts as guarantees of sexual equality, and;

Whereas, Floridians overwhelmingly backed the Florida State constitutional ERA in 1998, and Florida legislators voted it out of Senate Judiciary Committee in 2003, and April 2008, 8-3 bipartisan, and;

Whereas, many Florida legislators of all Parties; the cities of Miami, Gulfport, Tarpon Springs, N. Redington Beach; 7 newspapers; 300 organizations with 300,000+ ERA supporters, and 49 Florida bill cosponsors have all endorsed our ERA effort as a worthy nonpartisan, nonprofit, nonsexist, single issue. 94% surveyed URGE ERA passage!

Whereas, the ERA would provide the necessary Constitutional guarantee of equal treatment of the sexes, and;

Whereas, ratification of the ERA would enhance the dignity of all Americans by proclaiming equality in perpetuity, and would act to propel society toward a more civilized America by unleashing the talents and energies of all people for the benefit of society, male and female alike,

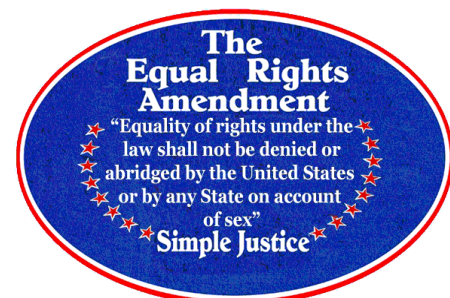

THEREFORE BE IT RESOLVED that this organization will encourage any legally viable means to add the Equal Rights Amendment to the United States Constitution. The Equal Rights Amendment is hereby proclaimed by this body to be a just and natural implementation of American democratic justice.
