

## **YOU can STOP THE WAR ON WOMEN in its TRACKS ~ ERA Needs You!**

Ratifying just 3 more states to PASS the ERA guarantees SEX DISCRIMINATION as a violation of the US Constitution! With power like nothing Else, ERA could change the following mean facts about what women, girls endure every day. Men and boys benefit, too.

ERA Says: "Equality of rights under the law shall not be denied or abridged by the United States or by any State on account of sex." (e.g., sex-equal pay & rape as a real crime.)

### **SEX DISCRIMINATION THAT ERA WILL FIX ...and more:**

- Honorable Mention in the U.S. Constitution. Women are not named in that contract with their nation, thus have no permanent guaranteed rights therein except the Vote. Males are mentioned 39 times. We don't begrudge them; work for their equal rights too)
- Fairness before the courts with case reviews using Strict Scrutiny, not the current Intermediate Scrutiny, less just, or reliable.
- Full rights to make important decisions about their own lives
- Equal representation in elected office
- Medical insurance coverage for reproductive healthcare
- Fair salaries and career advancement opportunities
- Necessary protection from sex-based violence
- Equal treatment by America's institutions of government, banking, insurance, education, medicine, commerce, sports, religion, military, and the law.

Via ERA passage, women's and girls' full personhood and rights to self-determination will be guaranteed for the first time. The unreliable 1868, Men-Only 14th Amendment, and weak laws and state constitutions would be substituted for by the sturdier ERA. America's females could then be FREE to be the architect of their own lives' trajectories. Everybody wins with ERA! Males face sex discrimination too, but females take the brunt (e.g., our young millennials now swamped in the Rape Culture). The sexes would be freed to contribute fully to U.S.A.'s growth.
